3 easy steps for communication at the Erie County Fair...

1. Call Verizon to order your phone line.

The line should be working one week prior to the start of the America's Fair so we are able to connect the correct line to your booth(s). Be sure to provide Verizon with your home address, NOT The America's Fair for billing purposes. You will be billed from Verizon for this line.

2. Fill out this form along with a check for \$75 per hook-up payable to the Erie County Agricultural Society and return with your contract.

Mark down "Telephone Hook-up" in the memo area of your check.

This will get you a phone jack with a dial tone for your location(s). All equipment installation fees must be paid in full prior to the start of the America's Fair.

3. Bring your own phone for each location.

4. Be sure to keep a record of your verification # from Verizon.

It is very important for a timely set up.
